OR, THE
Union-ALMANACK,
For the Year of our LORD
1713.

Being the First after *Biſſextile*, or Leap-Year; and the Sixth Year after the Glorious and

HAPPY UNION

Concluded between the Two Nations of **England** and **Scotland.**

And the *Joyful Year* of PEACE after a *Long* and an *Expenſive* WAR.

Containing a Multitude of Curious and Profitable Particulars, Deſigned chiefly to promote

TRADE and BUSINESS.

By *JOHN TIPPER*, Author of the *Ladies Diary*.

The Sea and the Banks: A Fable.

1. ABOUT at Sea a Ruffling Gale it blew,
And Clouds o'ercaſt the Gloomy Skies,
The Surges they began to riſe,
And terrify the Saylors Jocund Crew.

2. THIS to the wanton Billows was but Sport;
They roar'd and gambol'd it along,
This was the Burden of their Song,
They'd have a Storm, and ſhew good Reaſon for't.

3. THEN a freſh Maggot took them in the Head,
To have one merry Jaunt on Shore:
They'd not be fetter'd up, they ſwore;
But thus to the inſulting Margin ſaid:

4. "Hey, Slugs! d'ye hear, ye lazy Hounds,
"Open to Right and Left! make way,
"And give free Paſſage to the Sea:
"Down with your Ramparts, and obſtructing Mounds

5. *Hold! ſoft and fair,* (the Banks reply'd) *we're bound*
In Honour to make good our Poſt;
And will for all your windy Boaſt,
As Barriers to the SEA, maintain our GROUND.

6. *GO! Lord it in your watry Realms, the Main;*
There Rage and Bluſter, as you pleaſe,
Licentious in your native Seas;
But not an Inch, as Treſpaſſers, you'll gain.

7. *SO MY fierce Mutineers, be jogging home;*
For if you dare invade our Coaſt,
You'll run your Head againſt a Poſt,
And ſhamefully retire in empty Foam.

The MORAL.

"THO' Diſcord forms the Elements for War,
"Their well-poiz'd Strength prevents the fatal Jar;
"Harmonious Nature ſets the Ballance right,
"And each compel's the other to UNITE.
"In *Empire*, thus, true UNION is maintain'd,
"Each Power's by a Subordinate reſtrain'd.
"Happy thoſe Realms, where there are Patriots found,
"To check Invaders, and maintain their Ground,
"When Faction, like the Waves, would paſs their ſta(ted Bounds.

BEFORE the Reign of *Kenneth* II. this Kingdom was divided into Two Parts; One Part was Govern'd by the *Scots*, and the other by the *Picts*. The Kings of *Scotland*, before the Conqueſt of the *Picts*, were Thirty in Number, beginning with *Fergus* the Firſt, *Anno* 404. (But ſome Authors affirm there were 39 Kings of *Scotland* before *Fergus*, which others deny.) But *Kenneth* entirely overthrew them, killing *Druſken* their laſt King, and *United* them into *One Kingdom*.

The Characters of the 12 Signs of the Zodiack, with the several Parts of the Body they are said to govern.

Should I omit to place this Figure here,
My Book would hardly sell another Year:
What (quoth my Country Friend) *D'ye think I'll buy*
An Almanack without th' Anatomy?
As for its *Use*, nor he, nor I can tell;
However, since it pleases all so well,
I've put it in, because my Book should sell.
